

Homework #1 for MATH 8301: Manifolds and Topology

September 5, 2017

Due Date: Monday 11 September in class.

1. What year of grad school are you in?
2. Do you have an idea of what area of mathematics you aim to work in?
3. Do you know what you intend to do after graduation?
4. What's been your favorite math class? What's been your least favorite?
5. Do you have any concerns or worries about this class that you want me to know about?
6. What do you want to get out of this class?
